1, 2, and 3 John Nov 02 2022 Designed for the pastor and Bible teacher, the Zondervan Exegetical Commentary on the New Testament brings together commentary features rarely gathered in one volume. Written by notable evangelical scholars, each volume treats the literary context and structure of the passage in the original Greek, and each author provides an original translation based on the literary structure. The series consistently provides the main point, an exegetical outline, verse-by-verse commentary, and theology in application in each section of every commentary. Critical scholarship informs each step but does not dominate the commentary, allowing readers to concentrate on the biblical author's message as it unfolds. While primarily designed for those with a basic knowledge of biblical Greek, all who strive to understand and teach the New Testament will find these books beneficial. The Zondervan Exegetical Commentary on the New Testament series covers the entire New Testament in twenty volumes; Clinton E. Arnold serves as general editor. 1-3 John In her commentary on John's letters, Karen H. Jobes writes to bridge the distance between academic biblical studies and pastors, students, and laypeople who are looking for an in-depth treatment of the issues raised by these New Testament books. She approaches the three letters of John as part of the corpus that includes John's gospel, while rejecting an elaborate redactional history of that gospel that implicates the letters. Jobes treats three major themes of the letters under the larger rubric of who has the authority to interpret the true significance of Jesus, an issue that is pressing in our religiously pluralistic society today with its many voices claiming truth about God.

Unique in that it focuses on buying houses in good-quality neighborhoods, Schaub's nine-step program includes: Renting to long-term tenants, with financial incentives to pay on time Avoiding the temptation of bigger deals, which invariably include bigger problems A 10-year plan to pay off debt and own houses free and clear

The Most Brilliant Thoughts of All Time (In Two Lines or Less) Feb 10 2021 You don't have to be a genius to sound like one. Here's a collection of the most profound and provocative wit and wisdom in the English language in two lines or less. Edited by entrepreneur John M. Shanahan, who created the wildly successful Hooked on Phonics program, this wonderful book presents the best that has been thought and said on every imaginable topic. Classified by such themes as "Truth, Lies, and Deception," "Men, Women, and Relationships," and "Passions, Virtues, and Vices," these quotes contain timeless messages for all humankind. Oscar Wilde: "A man who marries his mistress leaves a vacancy in that position." Charles de Gaulle: "The cemetery is filled with indispensable men." Abraham Lincoln: "Nearly all men can stand adversity, but if you want to test a man's character, give him power." Sophocles: "Men of ill judgment oft ignore the good that lies within their hands, till they have lost it." Perfect for anyone who has ever been left speechless, this book will make you as glib as Oscar Wilde, as profound as Winston Churchill, and as wise as Aesop. Inspirational, entertaining, and thought-provoking, this is one collection that no library or bookshelf should be without.

Queen Mary 2 Oct 21 2021 This book documents the creation, from keel laying to christening, of one of the most ambitious passenger vessels of all time, Cunard Line's new flagship, the Queen Mary 2. The story of the Queen Mary 2 is told by noted maritime historian John Maxtone-Graham, whose engaging text takes us through the building of the ship and details its world-class amenities.

Two Days That Rocked the World Jan 30 2020 Photographs by world-renowned photographer Terry O'Neill on stage with Elton John in one of the bigger moments in pop history 150 sumptuous photographs bound in a beautiful slipcase with an introduction by Billie Jean King Looking at Terry's photographs is like gazing through a window at the most extraordinary and exciting moments of my life. I'm so glad he was with us throughout the madness: in his evocative and stylish photos he captured those moments as no other photographer could. -Elton John On October 25 and 26, 1975, Elton John performed two sold-out shows in LA's Dodger Stadium. It would be the largest rock concert of its time and the first time a musical act was performed at the ballpark since The Beatles in 1966. With Captain Fantastic and the Brown Dirt Cowboy, the first ever album to debut straight at number one, and the impending release of his next #1 Billboard charts topper, Rock of the Westies, Elton's fame was at an all-time high. The biggest rock star in the world was going to

stage two nights in one of America's most beloved and famous venues, and Terry O'Neill, the restless photographer who documented The Beatles, David Bowie and The Rolling Stones, was there on stage to make sure posterity would see what thousands experienced for themselves. Through private moments as well as public ones, including backstage exchanges with fans as diverse as Cary Grant and Billie Jean King, O'Neill's *Two Days that Rocked the World: Elton John Live at Dodger Stadium* creates a visual record of a musician at the peak of his powers."

The Gospel According to Matthew Dec 23 2021 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

The Word of the Disciple: A Discovery Learning Approach to the Gospel of John, Part 2: John 8-12 Nov 09 2020 The Word of the Disciple, Parts 1-3, are designed to help followers of Christ (Disciples) to establish a biblical foundation for life and leadership by doing an inductive Bible study of the Gospel of John. The focus of this workbook is on the theological and practical teaching of John about living like Christ in a fallen world by learning how to successfully "abide" (John 15:5-8) in the "living" Word: "In the beginning was the Word, and the Word was with God, and the Word was God... In him (the "Word") was life..." (John 1:1 and 4a, NIV, bold added). The three parts of The Word of the Disciple include: Part 1: John 1-7; Part 2: John 8-14; and Part 3: John 15-21. This workbook is part of The Bible-Centered Leader Series. Each volume in this series uses discovery learning to facilitate personal "transformation" by establishing a foundation in "spirit and truth" (John 4:24) that will stand the test of time and help you meet the challenges of learning how to be "lovers in a dangerous time" (Musician Bruce Cockburn, *Stealing Fire*, 1984). If you discover it, you own it, and you may apply it leading to life transformation. The Word of the Disciple is formatted using the IDEA approach of discovery learning for life and leadership transformation. The goal of the IDEA approach is to facilitate the "gracious work" of God through his word and spirit to transform us "into his likeness with ever increasing glory..." (II Corinthians 3:18, NIV). Each chapter has four sections: -Introduction (I) - various translations and paraphrases of the passage to be studied -Discovery (D) - study questions to help you better understand the passage -Explanation (E) - exegetical notes for the passage to help you interpret the passage -Application (A) - questions to help you discern how to apply this passage to your life and leadership These four sections are integrated with the inductive Bible study method to provide opportunities for understanding and applying the life changing truths and principles revealed in the Bible: -Observation - "What do I see?"-Interpretation - "What does it mean?"-Correlation - "How does this relate to what the rest of the Bible says?"-Application - "What does it mean to me?" The Word of the Disciple is not meant for everyone. It is not any easy way to gain insights about the Gospel of John. Actually, it is an invitation to do some time-consuming "digging" into the meaning and application of each passage by developing Bible study skills useful for studying additional passages in the Bible. Take your time and prayerfully and carefully read, study, discuss, apply, and evaluate your progress. Remember that becoming a Bible-centered leader is not an objective as much as it is a process or lifestyle. Over

the years you will be transformed and God will reveal the "meat" of his word if you remain "teachable" (Hebrews 5:11-14).

Weapons of Choice Sep 07 2020 The impossible has spawned the unthinkable. In 2021, a quantum military experiment goes horrifically wrong. A multinational taskforce of ultra-modern warships is suddenly transported back in time to 1942 right into the path of the US naval battle group bound for Midway Atoll. History is rewritten in an instant as the future smashes into the past, and high-tech hardware goes head to head with World War Two technology. In the chaos that ensues, thousands are killed, but the maelstrom has only just begun. The veterans of Pearl Harbour have never seen a helicopter, or a cruise missile - let alone nanotechnology, ceramic bullets, and F22 Raptor stealth jetfighters. Allied and Axis forces are then caught in a desperate struggle to gain the upper hand - each hoping to tip the balance with a fist full of twenty first century firepower. What happens next is anybody's guess and everybody's nightmare.

The Seven Sins of Memory Jul 06 2020 A New York Times Notable Book: A psychologist's "gripping and thought-provoking" look at how and why our brains sometimes fail us (Steven Pinker, author of *How the Mind Works*). In this intriguing study, Harvard psychologist Daniel L. Schacter explores the memory miscues that occur in everyday life, placing them into seven categories: absent-mindedness, transience, blocking, misattribution, suggestibility, bias, and persistence. Illustrating these concepts with vivid examples—case studies, literary excerpts, experimental evidence, and accounts of highly visible news events such as the O. J. Simpson verdict, Bill Clinton's grand jury testimony, and the search for the Oklahoma City bomber—he also delves into striking new scientific research, giving us a glimpse of the fascinating neurology of memory and offering "insight into common malfunctions of the mind" (USA Today). "Though memory failure can amount to little more than a mild annoyance, the consequences of misattribution in eyewitness testimony can be devastating, as can the consequences of suggestibility among pre-school children and among adults with 'false memory syndrome' . . . Drawing upon recent neuroimaging research that allows a glimpse of the brain as it learns and remembers, Schacter guides his readers on a fascinating journey of the human mind." —Library Journal "Clear, entertaining and provocative . . . Encourages a new appreciation of the complexity and fragility of memory." —The Seattle Times "Should be required reading for police, lawyers, psychologists, and anyone else who wants to understand how memory can go terribly wrong." —The Atlanta Journal-Constitution "A fascinating journey through paths of memory, its open avenues and blind alleys . . . Lucid, engaging, and enjoyable." —Jerome Groopman, MD "Compelling in its science and its probing examination of everyday life, *The Seven Sins of Memory* is also a delightful book, lively and clear." —Chicago Tribune Winner of the William James Book Award

Because the Time is Near Aug 26 2019 The end of the world is coming. From roadside signs to science fiction films, this slogan underscores our society's nervous fascination with the future. Whether it's a giant asteroid, a worldwide plague, or some other global catastrophe, the end of the world is a terrifying prospect—at least for those who have no idea what it will be like. For Christians, however, the

end of the world should be anything but dreadful. In fact, it should be something we actually look forward to. Why? Because God has told us how the world will end. And He has assured us that the end of this age will mark the beginning of a new, glorious one in which we will serve and worship Him in sinless perfection. Our eternal hope, as believers, is intimately tied to the end of this world. All of this is laid out in the book of Revelation. Not only is Revelation the inspired Word of God, it is also the only New Testament book that includes a promised spiritual blessing for those who study and apply its message. As such, it is an essential part of every Christian's devotional life. Those who ignore Revelation deprive themselves of a rich treasure of divine truth, and the promised blessings that come from understanding that truth. Join John MacArthur as he explains the book of Revelation in a way that is both doctrinally precise and intensely practical.

The Man of Sin Jan 12 2021 The doctrine of the Antichrist is one of the most interesting doctrines found in Scripture, says author Kim Riddlebarger. Unfortunately, it's also one which has been subject to far more speculation than sound biblical exegesis. Until now. Unlike other resources available on the Antichrist, *The Man of Sin* focuses on Scripture, not contemporary events, to uncover the truth about this mysterious entity. With skilled exegesis Riddlebarger asserts that, contrary to popular speculation, the Antichrist is not a singular individual but a series of beings that will arise to challenge Christ throughout the inter-advental age before culminating in an end-times Antichrist. Backing this claim first in Scripture, Riddlebarger also draws from historical teachings including those of the church fathers, the Reformation, and historic Protestantism, before contrasting this evidence to the sensational interpretations of many contemporary writers. Pastors, teachers, and study groups wanting to understand the doctrine of the Antichrist will find *The Man of Sin* to be a unique and comprehensive study.

The Letters of John Aug 19 2021 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context. John weaves together themes of light and darkness, falsehood and truth, and what it means to be children of God in community. He explores the theme of love as central to God's nature and thus as the defining characteristic of those who follow him. The Letters of John teach us about handling conflict, discerning orthodox belief, and measuring Christian conduct. Gary Burge shares perspectives on John's letters that reveal their enduring relevance for our twenty-first-century lives. To bring the ancient messages of the Bible into today's context, each passage is treated in three sections: Original Meaning. Concise exegesis to help readers understand the original meaning of the biblical text in its historical, literary, and cultural context. Bridging Contexts. A bridge between the world of the Bible and the world of today, built by discerning what is timeless in the timely pages of the Bible. Contemporary Significance. This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages. The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved. This unique, award-winning commentary is the ideal resource for today's preachers, teachers, and serious students of the Bible, giving them the tools, ideas, and insights they need to communicate God's Word with the same powerful impact it had when it was first written.

Living at the End of Time Jun 04 2020 In this second book in his Scratch Flat Chronicles, John Hanson Mitchell tells how he set out to recreate Henry David Thoreau's two years at Walden Pond in a replica of Thoreau's cabin. Mitchell lived off the grid, without running water or electricity, in a tiny house not half a mile from a major highway and in the shadow of a massive new computer company. Nevertheless, his contact with wildlife, the changing seasons, and the natural world equaled and even surpassed Thoreau's. Hugely popular with the international community of Thoreau followers when it was first published, this book will now be essential reading for the growing community of people who are interested in living in a tiny house, fully experiencing the natural world, or finding self-sufficiency in an increasingly plugged-in society.

Calendars and Years Oct 09 2020 Dates form the backbone of written history. But where do these dates come from? Many different calendars were used in the ancient world. Some of these calendars were based upon observations or calculations of regular astronomical phenomena, such as the first sighting of the new moon crescent that defined the beginning of the month in many calendars, while others incorporated schematic simplifications of these phenomena, such as the 360-day year used in early Mesopotamian administrative practices in order to simplify accounting procedures. Historians frequently use handbooks and tables for converting dates in ancient calendars into the familiar BC/AD calendar that we use today. But very few historians understand how these tables have come about, or what assumptions have been made in their construction. The seven papers in this volume provide an answer to the question what do we know about the operation of calendars in the ancient world, and just as importantly how do we know it? Topics covered include the ancient and modern history of the Egyptian 365-day calendar, astronomical and administrative calendars in ancient Mesopotamia, and the development of astronomical calendars in ancient Greece. This book will be of interest to ancient historians, historians of science, astronomers who use early astronomical records, and anyone with an interest in calendars and their development.

Make Time Jul 30 2022 From the New York Times bestselling authors of Sprint comes a simple 4-step system for improving focus, finding greater joy in your work, and getting more out of every day. "A charming manifesto—as well as an intrepid do-it-yourself guide to building smart habits that stick. If you want to achieve more (without going nuts), read this book."—Charles Duhigg, bestselling author of The Power of Habit and Smarter Faster Better Nobody ever looked at an empty calendar and said, "The best way to spend this time is by cramming it full of meetings!" or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned "design sprint," Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on

the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. *Make Time* is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. *Make Time* isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, *If only there were more hours in the day...*, *Make Time* will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

Joseph Smith's New Translation of the Bible Jan 24 2022 This volume--the work of a lifetime--brings together all the Joseph Smith Translation manuscript in a remarkable and useful way. Now, for the first time, readers can take a careful look at the complete text, along with photos of several actual manuscript pages. The book contains a typographic transcription of all the original manuscripts, unedited and preserved exactly as dictated by the Prophet Joseph and recorded by his scribes. In addition, this volume features essays on the background, doctrinal contributions, and editorial procedures involved in the Joseph Smith Translation, as well as the history of the manuscripts since Joseph Smith's day.

Revelation Dec 03 2022 The final book of the Bible, *Revelation* prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Measure What Matters Apr 02 2020 #1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth--and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress--to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so

many great organizations. This book will help a new generation of leaders capture the same magic.

Designated Targets: World War 2.2 May 16 2021 The nightmare of the Transition has given way to a world in chaos. The battlelines of World War II are being redrawn in dangerous and unpredictable ways, leaving the Allied forces scrambling for control and the Axis forces with undreamt-of power. But the military crisis is only the beginning. An awareness of how their future unfolds is sweeping the world, and the people of 1942 are split between clamouring for change and the freedoms their descendants enjoy, and resisting it to protect the values of their society. Then Japan invades Australia, foreign agents begin a campaign of terror in the USA, and Germany prepares for an all-out attack on Britain. The twenty-first-century forces must resort to the most extreme measures yet...
