**One Word for Kids** Nov 04 2022 From the authors who created the One Word movement, impacting schools, businesses, and sports teams around the world, comes a charming fable that can be read and shared by everyone. If you could choose only one word to help you have your best year ever, what would it be? Love? Fun? Believe? Brave? It's probably different for everyone. How you find your word is just as important as the word itself. And once you know your word, what do you do with it? In One Word for Kids, bestselling author Jon Gordon—along with coauthors Dan Britton and Jimmy Page—asks these questions to children and adults of all ages, teaching an important life lesson in the process. This engaging, fully illustrated fable follows Stevie, a young boy falling asleep on the first day of school. His teacher gives the class an assignment: to find the one word that will help them have their best year ever. To discover their one word, they must look inside themselves, look up, and look out. At home, Stevie is upset because he can't find his word. After his dad offers some helpful advice, Stevie excitedly begins the quest for his word. His search helps him discover a lot about himself, what he loves, and what is important to him. **I Won't Go With Strangers** Nov 11 2020 With humor and thoughtfulness, this helpful book helps parents explain children the dangers posed by strangers. Lu won't go with just anyone! She is waiting to be picked up after school. She stands on the sidewalk, all alone, and it starts to rain. Ms. Smith walks by, and offers to take her home. Ms. Smith lives in Lu's neighborhood—but does Lu really know her? Lu asks herself, what's her first name? Does she dye her hair red? What's her dog's name? And she says, "I don't know you, so I won't go with you! And besides, Mama said I should wait." As other adults—all of whom Lu has met in some capacity before—offer to take her home, Lu continues to consider if she really knows them. One by one, she refuses to go with them. Until, finally, the person Mama said she should go home with shows up—though his appearance is a surprise to the reader! This sensitively narrated story illustrates how clear rules and arrangements can help protect and empower children during an especially vulnerable time of day. The ending includes a prompt for readers to create their own similar "safe" list, and a list of resources for parents. "Addresses a vital topic in a humorous and nonthreatening way and gives readers a way to respond politely but firmly to even well-meaning adults." —Kirkus Reviews

*200 Conversation Starters for Kids and Parents* Oct 11 2020 Put away your phone and get to know your family. We are bringing intentional parenting to the table, the dinner table that is. Don't touch your smart phone for 20 minutes and have a conversation with your kids. Your smart phone will be waiting for you after dinner. Social media will always be there later. Your kids though, time with your children is precious. Babies grow too quick and the grade school age kids, tweens to middle school and then high school teens all happen in an instant. Take time while everyone is sitting and attentive at the dinner table to create conversation. We aren't talking family debates, we are encouraging families to gain a better understanding of who each child and parent is as a human, not just a member of the family. We have created this family book that's to be left on the dinner table or in the kitchen. Start a conversation, create connections and maybe even laugh a little by using our simple questions. We have formulated questions that are specific to kids for you to help gain a better understanding of who your kids are. The "How was your day?" question is great, but can be so surface. The questions in this conversation book go a bit deeper, sometimes funny, light-hearted, and sometimes inquisitive. All were created to help you be intentional in spending time and growing your relationship with your child. There are questions for parents that the kids can ask. These parent questions will help your child know who you are and learn a little bit about how you grew up, who you were then, what you are proud of and more. We also have general questions. These are perfect for nights when you just want to talk. They also work well as conversation starters when you have dinner guests. Use this book to help sibling relationships as well. These family talks can help each brother, sister, mother and father understand one another better. I wrote this family conversation starters book for kids to
