America's Forgotten Statesman: Albert Gallatin Nov 10 2020

The Forgotten Sister Apr 27 2022 In the tradition of the spellbinding historical novels of Philippa Gregory and Kate Morton comes a stunning story based on a real-life Tudor mystery, of a curse that echoes through the centuries and shapes two women's destinies... 1560: Amy Robsart is trapped in a loveless marriage to Robert Dudley, a member of the court of Queen Elizabeth I. Surrounded by enemies and with nowhere left to turn, Amy hatches a desperate scheme to escape—one with devastating consequences that will echo through the centuries... Present Day: When Lizzie Kingdom is forced to withdraw from the public eye in a blaze of scandal, it seems her life is over. But she's about to encounter a young man, Johnny Robsart, whose fate will interlace with hers in the most unexpected of ways. For Johnny is certain that Lizzie is linked to a terrible secret dating back to Tudor times. If Lizzie is brave enough to go in search of the truth, then what she discovers will change the course of their lives forever.

The Forgotten Mar 03 2020 When Army Special Agent John Puller finds his aunt dead in Florida, he suspects it's no accident . . . and as local police dismiss the case, the cracks begin to show in a picture-perfect town. Army Special Agent John Puller is the best there is. A

combat veteran, Puller is the man the U.S. Army relies on to investigate the toughest crimes facing the nation. Now he has a new case--but this time, the crime is personal: His aunt has been found dead in Paradise, Florida. A picture-perfect town on Florida's Gulf Coast, Paradise thrives on the wealthy tourists and retirees drawn to its gorgeous weather and beaches. The local police have ruled his aunt's death an unfortunate, tragic accident. But just before she died, she mailed a letter to Puller's father, telling him that beneath its beautiful veneer, Paradise is not all it seems to be. What Puller finds convinces him that his aunt's death was no accident...and that the palm trees and sandy beaches of Paradise may hide a conspiracy so shocking that some will go to unthinkable lengths to make sure the truth is never revealed.

The Forgotten Girl Apr 03 2020 "This ghost story gave me chill after chill. It will haunt you." -- R.L. Stine, author of Goosebumps "Do you know what it feels like to be forgotten?" On a cold winter night, Iris and her best friend, Daniel, sneak into a clearing in the woods to play in the freshly fallen snow. There, Iris carefully makes a perfect snow angel -- only to find the crumbling gravestone of a young girl, Avery Moore, right beneath her. Immediately, strange things start to happen to Iris: She begins having vivid nightmares. She wakes up to find her bedroom window wide open, letting in the snow. She thinks she sees the shadow of a girl lurking in the woods. And she feels the pull of the abandoned grave, calling her back to the clearing...Obsessed with figuring out what's going on, Iris and Daniel start to research the area for a school project. They discover that Avery's grave is actually part of a neglected and forgotten Black cemetery, dating back to a time when White and Black people were kept separate in life -- and in death. As Iris and Daniel learn more about their town's past, they become determined to restore Avery's grave and finally have proper respect paid to Avery and the others buried there. But they have awakened a jealous and demanding ghost, one that's not satisfied with their plans for getting recognition. One that is searching for a best friend forever -- no matter what the cost. The Forgotten Girl is both a spooky original ghost story and a timely and important storyline about reclaiming an abandoned segregated cemetery. "A harrowing yet empowering tale reminding us that the past is connected to the present, that every place and every person has a story, and that those stories deserve to be told." -- Renée Watson, New York Times bestselling author of Piecing Me Together

Gone But Not Forgotten May 05 2020 Gone but Not Forgotten is the first of a historical fiction trilogy set in America and Europe from 1914 to 1918. It chronicles the tale of the Gilded Age of pageantry

through the end of the Great War. It is the story of the Champions, the Wagners and the Sterns, an epical saga of their lives, trials, and tribulations. The story opens at an outdoor wedding in fashionable Newport, Rhode Island. The heroines are beautiful twin sisters, Veda and Rose Champion. Veda is the spoiled American debutante with an iron will. Rose is the gentler beauty and is passively strong. Hans Wagner, the male protagonist, is a German immigrant who comes to America with the quest to live his dream. His best Jewish friend, Rudolph Stern, also arrives from Germany to study medicine. The toils of the Great War halt the hopes of both while ushering in a series of tragedies for the Champion family, including the sinking of the Lusitania, the death of the twins' brother, Marius Champion, on the battlefields of France, and the vicious murder of their grandparents in Verdon. The novel will be followed by two others, spanning 1918-2000. The trilogy is a portrait of the most significant events in the twentieth century.

Edward IV, England's Forgotten Warrior King Jun 29 2022 As the 100 Years War ground to its dismal end, England groaned under the misrule of Henry VI and his Lancastrian favorites. The House of York rose in rebellion; and Parliament restored York in the line of inheritance to the throne. Edward, Earl of March, triumphed at the Battle of Mortimer's Cross; Parliament asked him to be King and the people proclaimed him Edward IV. His life and legacy are chronicled in *Edward IV, England's Forgotten Warrior King*. For ten years, Edward struggled against repeated Lancastrian rebellions. He was driven from his kingdom by Richard, Earl of Warwick, but then he won decisive victories at the Battles of Barnet and Tewkesbury in 1471. For another twelve years, he reigned wisely with peace and prosperity, as a beloved King; but then he died at age forty one and his twelve-year-old son was proclaimed Edward V. Richard, Duke of Gloucester, seized the throne and put young Edward and his brother in the Tower of London, from where they never emerged alive. Richard III was a good King and wanted to be respected, but the people believed he had murdered the Princes in the Tower, and would not forgive him. Queen Elizabeth and Margaret Beaufort plotted with Henry Tudor, who invaded England in 1485. Henry Tudor then defeated and killed Richard III at the Battle of Bosworth Field. Henry Tudor (Henry VII) was crowned King and married Edward IV's daughter Elizabeth; the resultant Tudor dynasty would rule England for another 118 years.

Reappraisals Jan 01 2020 "Exhilarating . . . brave and forthright." –The New York Times Book Review "Perhaps the greatest single collection of thinking on the political, diplomatic, social, and cultural history of the past century." –Forbes We have entered an age of forgetting. Our world, we insist, is unprecedented, wholly new. The past has nothing to teach us. Drawing provocative connections between a dazzling range of subjects, from Jewish intellectuals and

the challenge of evil in the recent European past to the interpretation of the Cold War and the displacement of history by heritage, the late historian Tony Judt takes us beyond what we think we know of the past to explain how we came to know it, showing how much of our history has been sacrificed in the triumph of myth-making over understanding and denial over memory. *Reappraisals* offers a much-needed road map back to the historical sense we urgently need. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

Elizabeth of York Nov 03 2022 The biography of Henry VII's queen, and mother of Henry VIII, the true story of the 'White Princess'

Forgotten Bones Nov 30 2019 Imagine you're watching a backhoe dig up the ground for a construction project when a round object rolls down a pile of dirt and stops at your feet. You pick it up, brush off some dirt, and realize you're holding a skull! This is exactly what happened in Albany, New York, in 2005. Workers were putting in new sewer line when a backhoe driver dug up a skull. After police declared the skull wasn't connected to any recent crimes, a team of archaeologists took a closer look. They determined the skull was from an African American who had died more than one hundred years earlier. Suddenly the construction site turned into an archaeological dig. Scientists excavated more bones and realized that they had located a long-lost slave cemetery. Slavery had been legal in the northern United States, including in New York State, in colonial times, but the stories of these slaves are largely unknown. This site became just the third slave cemetery ever to be excavated in the North. See how archaeologists pieced together the truth about these once forgotten bones.

New York Central System, *Gone But Not Forgotten* Oct 22 2021

The Forgotten Waltz: A Novel Oct 10 2020 2012 Winner of the Andrew Carnegie Award for Excellence in Literature "This stunning novel by a Booker Prize winner . . . Offers up its brilliance by way of astonishingly effective storytelling."—Booklist, starred review "A new, unapologetic kind of adultery novel. Narrated by the proverbial other woman—Gina Moynihan, a sharp, sexy, darkly funny thirtysomething IT worker—*The Forgotten Waltz* charts an extramarital affair from first encounter to arranged, settled, everyday domesticity. . . . This novel's beauty lies in Enright's spare, poetic, off-kilter prose—at once heartbreaking and subversively funny. It's built of startling little surprises and one fresh sentence after another. Enright captures the heady eroticism of an extramarital affair and the incendiary egomania that accompanies secret passion: For all their utter ordinariness, Sean and Gina feel like the greatest lovers who've ever lived."—Elle

The Shadow of the Wind Mar 27 2022 From A to Z, the Penguin Drop

Caps series collects 26 unique hardcovers—featuring cover art by Jessica Hische. It all begins with a letter. Fall in love with Penguin Drop Caps, a new series of twenty-six collectible and hardcover editions, each with a type cover showcasing a gorgeously illustrated letter of the alphabet. In a design collaboration between Jessica Hische and Penguin Art Director Paul Buckley, the series features unique cover art by Hische, a superstar in the world of type design and illustration, whose work has appeared everywhere from Tiffany & Co. to Wes Anderson's recent film *Moonrise Kingdom* to Penguin's own bestsellers *Committed* and *Rules of Civility*. With exclusive designs that have never before appeared on Hische's hugely popular *Daily Drop Cap* blog, the Penguin Drop Caps series debuted with an 'A' for Jane Austen's *Pride and Prejudice*, a 'B' for Charlotte Brönte's *Jane Eyre*, and a 'C' for Willa Cather's *My Ántonia*. It continues with more perennial classics, perfect to give as elegant gifts or to showcase on your own shelves. Z is for *Zafón. Barcelona, 1945: A city slowly heals in the aftermath of the Spanish Civil War. Daniel, an antiquarian book dealer's son who mourns the loss of his mother, finds solace in what he finds in the "cemetery of lost books," a mysterious book entitled The Shadow of the Wind, by one Julián Carax. But when he sets out to find the author's other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax's books in existence. Soon Daniel's seemingly innocent quest opens a door into one of Barcelona's darkest secrets--an epic story of murder, madness, and doomed love.*

Agathe Jul 07 2020 From the author of 'A Man without Qualities,' a novel about spirituality in the modern world. Agathe is the sister of Ulrich, the restless and elusive "man without qualities" at the center of Robert Musil's great, unfinished novel of the same name. For years Agathe and Ulrich have ignored each other, but when brother and sister find themselves reunited over the bier of their dead father, they are electrified. Each is the other's spitting image, and Agathe, who has just separated from her husband, is even more defiant and inquiring than Ulrich. Beginning with a series of increasingly intense "holy conversations," the two gradually enlarge the boundaries of sexuality, sensuality, identity, and understanding in pursuit of a new, true form of being that they are seeking to discover. Robert Musil's *The Man Without Qualities* is perhaps the most profoundly exploratory and unsettling masterpiece of twentieth-century fiction. *Agathe, or, The Forgotten Sister* reveals with new clarity a particular dimension of this multidimensional book—the dimension that meant the most to Musil himself and that inspired some of his most searching writing. The outstanding translator Joel Agee captures the acuity, audacity, and unsettling poetry of a book that is meant to be nothing short of life-changing.

The Forgotten Room Mar 15 2021 New York Times bestselling authors Karen White, Beatriz Williams, and Lauren Willig present a masterful collaboration—a rich, multigenerational novel of love and loss that spans half a century.... 1945: When critically wounded Captain Cooper Ravenel is brought to a private hospital on Manhattan's Upper East Side, young Dr. Kate Schuyler is drawn into a complex mystery that connects three generations of women in her family to a single extraordinary room in a Gilded Age mansion. Who is the woman in Captain Ravenel's miniature portrait who looks so much like Kate? And why is she wearing the ruby pendant handed down to Kate by her mother? In their pursuit of answers, they find themselves drawn into the turbulent stories of Olive Van Alan, driven in the Gilded Age from riches to rags, who hired out as a servant in the very house her father designed, and Lucy Young, who in the Jazz Age came from Brooklyn to Manhattan seeking the father she had never known. But are Kate and Cooper ready for the secrets that will be revealed in the *Forgotten Room*? READERS GUIDE INCLUDED

Forgotten Queens Sep 01 2022 In the early years of the 20th century, Queens County underwent an enormous transformation. The Queensboro Bridge of 1909 forever changed the landscape of this primarily rural area into the urban metropolis it is today. *Forgotten Queens* shows New York's largest borough between the years 1920 and 1950, when it was adorned with some of the finest model housing and planned communities anywhere in the country. Victorian mansions, cookie-cutter row houses, fishing shacks, and beachside bungalows all coexisted next to workplaces and commercial areas. Beckoning with the torch of the new century and a bright promise for those who dared to pioneer its urban wilderness, Queens flourished as a community. Through vintage photographs being seen by the public for the first time, the five wards of Queens are highlighted for their unique character and history.

The Forgotten Founding Father Sep 08 2020 Noah Webster's name is now synonymous with the dictionary he created, but his story is not nearly so ubiquitous. Now acclaimed author of *The Man Who Made Lists*, Joshua Kendall sheds new light on Webster's life, and his far-reaching influence in establishing the American nation. Webster hobnobbed with various Founding Fathers and was a young confidant of George Washington and Ben Franklin. He started New York's first daily newspaper, predating Alexander Hamilton's *New York Post*. His "blue-backed speller" for schoolchildren sold millions of copies and influenced early copyright law. But perhaps most important, Webster was an ardent supporter of a unified, definitively American culture, distinct from the British, at a time when the United States of America were anything but unified—and his dictionary of American English is a testament to that.

Absence doesn't make the heart grow fonder. It makes people think you're dead. So begins Christopher Fowler's foray into the back catalogues and backstories of 99 authors who, once hugely popular, have all but disappeared from our shelves. Whether male or female, domestic or international, flash-in-the-pan or prolific, mega-seller or prize-winner - no author, it seems, can ever be fully immune from the fate of being forgotten. And Fowler, as well as remembering their careers, lifts the lid on their lives, and why they often stopped writing or disappeared from the public eye. These 99 journeys are punctuated by 12 short essays about faded once-favourites: including the now-vanished novels Walt Disney brought to the screen, the contemporary rivals of Sherlock Holmes and Agatha Christie who did not stand the test of time, and the women who introduced us to psychological suspense many decades before it conquered the world. This is a book about books and their authors. It is for book lovers, and is written by one who could not be a more enthusiastic, enlightening and entertaining guide. 'A BIBLIOPHILE'S DREAM' FINANCIAL TIMES 'WILL HAVE READERS SCURRYING INTO SECONDHAND BOOKSHOPS' GUARDIAN

Forgotten Allies Jan 25 2022 Combining compelling narrative and grand historical sweep, *Forgotten Allies* offers a vivid account of the Oneida Indians, forgotten heroes of the American Revolution who risked their homeland, their culture, and their lives to join in a war that gave birth to a new nation at the expense of their own. Revealing for the first time the full sacrifice of the Oneidas in securing independence, *Forgotten Allies* offers poignant insights about Oneida culture and how it changed and adjusted in the wake of nearly two centuries of contact with European-American colonists. It depicts the resolve of an Indian nation that fought alongside the revolutionaries as their valuable allies, only to be erased from America's collective historical memory. Beautifully written, *Forgotten Allies* recaptures these lost memories and makes certain that the Oneidas' incredible story is finally told in its entirety, thereby deepening and enriching our understanding of the American experience.

Ctrl + Z Sep 28 2019 Jones offers insight into the digital debate over data ownership, permanence and policy by breaking down the argument over the controversial right to be forgotten--which would create a legal duty to delete, hide, or anonymize information at the request of another user. She provides guidance for a way forward, arguing that the existing perspectives are too limited, offering easy forgetting or none at all. By looking at new theories of privacy and

organizing the many potential applications of the right, law and technology, Jones offers a set of nuanced choices. To help us choose, she provides a digital information life cycle, reflects on particular legal cultures, and analyzes international interoperability. In the end, the author claims that the right to be forgotten can be innovative, liberating, and globally viable. --Adapted from publisher description.

The Forgotten Books of Eden Jun 05 2020

That's Not in My American History Book Aug 27 2019 This book tackles the messy details, reclaims disregarded heroes, and sets the record straight. It also explains why July 4th isn't really Independence Day.

Elizabeth Apr 15 2021 COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR FINANCIAL TIMES BOOK OF THE YEAR Film rights acquired by Gold Circle Films, the team behind My Big Fat Greek Wedding "A fresh, thrilling portrait... Guy's Elizabeth is deliciously human." –Stacy Schiff, The New York Times Book Review A groundbreaking reconsideration of our favorite Tudor queen, Elizabeth is an intimate and surprising biography that shows her at the height of her power. Elizabeth was crowned queen at twenty-five, but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield power in her own right. For twenty-five years she had struggled to assert her authority over advisers, who pressed her to marry and settle the succession; now, she was determined not only to reign but to rule. In this magisterial biography, John Guy introduces us to a woman who is refreshingly unfamiliar: at once powerful and vulnerable, willful and afraid. We see her confronting challenges at home and abroad: war against France and Spain, revolt in Ireland, an economic crisis that triggers riots in the streets of London, and a conspiracy to place her cousin Mary Queen of Scots on her throne. For a while she is smitten by a much younger man, but can she allow herself to act on that passion and still keep her throne? For the better part of a decade John Guy mined long-overlooked archives, scouring handwritten letters and court documents to sweep away myths and rumors. This prodigious historical detective work has enabled him to reveal, for the first time, the woman behind the polished veneer: determined, prone to fits of jealous rage, wracked by insecurity, often too anxious to sleep alone. At last we hear her in her own voice expressing her own distinctive and surprisingly resonant concerns. Guy writes like a dream, and this combination of groundbreaking research and propulsive narrative puts him in a class of his own. "Significant, forensic and myth-busting, John Guy inspires total confidence in a narrative which is at once pacy and rich in detail." -- Anna Whitelock, TLS "Most historians focus on the early decades, with Elizabeth's last years acting as a postscript to the beheading of Mary Queen of Scots and the defeat of the Spanish

Armada. Guy argues that this period is crucial to understanding a more human side of the smart redhead." – *The Economist*, Book of the Year

The Forgotten Pollinators May 29 2022 Consider this: Without interaction between animals and flowering plants, the seeds and fruits that make up nearly eighty percent of the human diet would not exist. In *The Forgotten Pollinators*, Stephen L. Buchmann, one of the world's leading authorities on bees and pollination, and Gary Paul Nabhan, award-winning writer and renowned crop ecologist, explore the vital but little-appreciated relationship between plants and the animals they depend on for reproduction -- bees, beetles, butterflies, hummingbirds, moths, bats, and countless other animals, some widely recognized and other almost unknown. Scenes from around the globe -- examining island flora and fauna on the Galapagos, counting bees in the Panamanian rain forest, witnessing an ancient honey-hunting ritual in Malaysia -- bring to life the hidden relationships between plants and animals, and demonstrate the ways in which human society affects and is affected by those relationships. Buchmann and Nabhan combine vignettes from the field with expository discussions of ecology, botany, and crop science to present a lively and fascinating account of the ecological and cultural context of plant-pollinator relationships. More than any other natural process, plant-pollinator relationships offer vivid examples of the connections between endangered species and threatened habitats. The authors explain how human-induced changes in pollinator populations -- caused by overuse of chemical pesticides, unbridled development, and conversion of natural areas into monocultural cropland--can have a ripple effect on disparate species, ultimately leading to a "cascade of linked extinctions."

Forgotten New York Dec 04 2022 *Forgotten New York* is your passport to more than 300 years of history, architecture, and memories hidden in plain sight. Houses dating to the first Dutch settlers on Staten Island; yellow brick roads in Brooklyn; clocks embedded in the sidewalk in Manhattan; bishop's crook lampposts in Queens; and a white elephant in the Bronx--this is New York and this is your guide to seeing it all. *Forgotten New York* covers all five boroughs with easy-to-use maps and suggested routes to hundreds of out-of-the way places, antiquated monuments, streets to nowhere, and buildings from a time lost. *Forgotten New York* features: Quiet Places Truly Forgotten History Happened Here What Is This Thing? Forgotten People And so much more

Never to Be Forgotten Jul 31 2022

Brooklyn's Barren Island: A Forgotten History Dec 24 2021

Unbeknownst to most of the city's inhabitants, a rural community of garbage workers once existed on a now-vanished island in New York City. Barren Island was a swampy speck in Jamaica Bay where a motley

group of new immigrants and African Americans quietly processed mountains of garbage and dead animals starting in the 1850s. They turned the waste into useful industrial products until their eviction by Robert Moses, in the name of progress, in 1936. Barren Islanders built businesses, fought fires, demanded a public school and worshipped at churches as they created a quintessentially American community from scratch. Author Miriam Sicherman tells the story of a Brooklyn neighborhood lost in the annals of New York City history.

Reports of Committees Oct 29 2019

The Forgotten Man Jan 13 2021 In *The Forgotten Man*, Amity Shlaes, one of the nation's most-respected economic commentators, offers a striking reinterpretation of the Great Depression. She traces the mounting agony of the New Dealers and the moving stories of individual citizens who through their brave perseverance helped establish the steadfast character we recognize as American today.

Sweet Land of Liberty Nov 22 2021 *Sweet Land of Liberty* is Thomas J. Sugrue's epic account of the abiding quest for racial equality in states from Illinois to New York, and of how the intense northern struggle differed from and was inspired by the fight down South. Sugrue's panoramic view sweeps from the 1920s to the present—more than eighty of the most decisive years in American history. He uncovers the forgotten stories of battles to open up lunch counters, beaches, and movie theaters in the North; the untold history of struggles against Jim Crow schools in northern towns; the dramatic story of racial conflict in northern cities and suburbs; and the long and tangled histories of integration and black power. Filled with unforgettable characters and riveting incidents, and making use of information and accounts both public and private, such as the writings of obscure African American journalists and the records of civil rights and black power groups, *Sweet Land of Liberty* creates an indelible history.

Outposts of the Forgotten Aug 08 2020 The single-room occupancy (SRO) tenements and welfare hotels located throughout New York City, but concentrated on the Upper West Side of Manhattan, provided housing for many of society's troubled, marginal members in the late 1970s, when this book was originally published. The predominant population of these buildings was old, non-white, unemployed, disabled, and in poor health. What distinguished this community, however, was not that it was part of a ghetto or slum, but that it was composed of poor people living amidst affluence, combining elements of both the law-abiding and criminal worlds. Institutionally, the SRO tenement world described in this book is seen as a half-way area between open society and the total institution. Without the support and control available in the SROs, confinement in a total institution would be a certainty for many of the residents. This book, a participant-observer journal as well as

an ethnographic study, suggests an alternative to institutionalization. As Edward Sagarin notes in his preface, Siegal does not lack compassion for the sufferings of the people, but the focus is on the descriptions of their lives. *Outposts of the Forgotten* documents the circumstances of some of New York's forgotten residents.

New York's Forgotten Substations Oct 02 2022 His photographs and detailed drawings bring these lost treasures to life, while his text tells their story. Anyone interested in the art of industrial America will find this book a delight."--BOOK JACKET.

Forgotten Citizens Jul 19 2021 "In *Forgotten Citizens*, Luis Zayas draws on his extensive research and experience as a psychological evaluator to present the most complete picture yet of the mental health and lasting trauma experienced by US citizen-children who are threatened with the fate of exile or orphan."--

Pelletier Sep 20 2021 This book tells the story of a French cabin boy, Narcisse Pelletier, and his life with the Utaalnganu people of north-east Cape York from 1858 to 1875.

Map of Flames (The Forgotten Five, Book 1) Aug 20 2021 X-Men meets Spy Kids in this instant New York Times bestseller! Here's the first book in a new middle-grade fantasy/adventure series from the author of *The Unwanted*. Fifteen years ago, eight supernatural criminals fled Estero City to make a new life in an isolated tropical hideout. Over time, seven of them disappeared without a trace, presumed captured or killed. And now, the remaining one has died. Left behind to fend for themselves are the criminals' five children, each with superpowers of their own: Birdie can communicate with animals. Brix has athletic abilities and can heal quickly. Tenner can swim like a fish and can see in the dark and hear from a distance. Seven's skin camouflages to match whatever is around him. Cabot hasn't shown signs of any unusual power--yet. Then one day Birdie finds a map among her father's things that leads to a secret stash. There is also a note: Go to Estero, find your mother, and give her the map. The five have lived their entire lives in isolation. What would it mean to follow the map to a strange world full of things they've only heard about, like cell phones, cars, and electricity? A world where, thanks to their parents, being supernatural is a crime?

The Color of Law: A Forgotten History of How Our Government Segregated America Feb 11 2021 New York Times Bestseller • Notable Book of the Year • Editors' Choice Selection One of Bill Gates' "Amazing Books" of the Year One of Publishers Weekly's 10 Best Books of the Year Longlisted for the National Book Award for Nonfiction An NPR Best Book of the Year Winner of the Hillman Prize for Nonfiction Gold Winner • California Book Award (Nonfiction) Finalist • Los Angeles Times Book Prize (History) Finalist • Brooklyn Public Library Literary Prize This "powerful and disturbing history" exposes how

American governments deliberately imposed racial segregation on metropolitan areas nationwide (New York Times Book Review). Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein's *The Color of Law* offers "the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation" (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, "virtually indispensable" study that has already transformed our understanding of twentieth-century urban history (Chicago Daily Observer), *The Color of Law* forces us to face the obligation to remedy our unconstitutional past.

The Forgotten Book Feb 23 2022 Emma is used to things going her way. Her father is headmaster of her prestigious boarding school, her friends take her advice as gospel, and she's convinced that a relationship with her long-time crush is on the horizon. As it turns out, Emma hasn't seen anything yet. When she finds an old book in an abandoned library, things really start going Emma's way: anything she writes in the book comes true. But the power of the book is not without consequences, and Emma soon realizes that she isn't the only one who knows about it. Someone is determined to take it from her—and they'll stop at nothing to succeed. A new boy in school—the arrogant, aloof, and irritatingly handsome Darcy de Winter—becomes Emma's unlikely ally as secrets are revealed and danger creeps ever closer.

America's Forgotten Pandemic Dec 12 2020 Between August 1918 and March 1919 the Spanish influenza spread worldwide, claiming over 25 million lives - more people than perished in the fighting of the First World War. It proved fatal to at least a half-million Americans. Yet, the Spanish flu pandemic is largely forgotten today. In this vivid narrative, Alfred W. Crosby recounts the course of the pandemic during the panic-stricken months of 1918 and 1919, measures its impact on American society, and probes the curious loss of national memory of this cataclysmic event. This 2003 edition includes a preface discussing the then recent outbreaks of diseases, including the Asian flu and the SARS epidemic.

Driven Out Jun 17 2021 This sweeping and groundbreaking work presents the shocking and violent history of ethnic cleansing against Chinese Americans from the Gold Rush era to the turn of the century.
