New England Law Review: Volume 51, Number 1 - Winter 2017

May 07 2020

The Witches Aug 10 2020 The Pulitzer Prize-winning author of *Cleopatra*, the #1 national bestseller, unpacks the mystery of the Salem Witch Trials. It began in 1692, over an exceptionally raw Massachusetts winter, when a minister's daughter began to scream and convulse. It ended less than a year later, but not before 19 men and women had been hanged and an elderly man crushed to death. The panic spread quickly, involving the most educated men and prominent politicians in the colony.

Neighbors accused neighbors, parents and children each other. Aside from suffrage, the Salem Witch Trials represent the only moment when women played the central role in American history. In curious ways, the trials would shape the future republic. As psychologically thrilling as it is historically seminal, *THE WITCHES* is Stacy Schiff's account of this fantastical story--the first great American mystery unveiled fully for the first time by one of our most acclaimed historians.

New England Patriots Feb 13 2021 Invite your students to learn more about one of the NFL's greatest teams - the New England Patriots! This book explores the team's background and history, most memorable wins, star players, and important coaches. This book closes with a quiz to reinforce core concepts. Readers are left with an introductory background of the NFL and the Patriots! Table of contents, glossary, and index included. Aligned to Common Core standards and correlated to state standards. Big Buddy Books is an imprint of Abdo Publishing, a division of ABDO.

New England Law Review: Volume 50, Number 2 - Winter 2016 Oct 24 2021

New England Patriots New & Updated Edition Dec 26 2021 An illustrated history of the football team celebrates star players, significant moments, and key victories from the team's fifty-plus years in the NFL, in an edition updated to include recent seasons.

Archives of Desire Apr 17 2021 In this thought-provoking study of nineteenth-century America, J. Samaine Lockwood offers an important new interpretation of the literary movement known as American regionalism. Lockwood argues that regionalism in New England was part of a widespread woman-dominated effort to rewrite history. Lockwood demonstrates that New England regionalism was an intellectual endeavor that overlapped with colonial revivalism and included fiction and history writing, antique collecting, colonial home restoration, and photography. The cohort of writers and artists leading this movement included Sarah Orne Jewett, Alice Morse Earle, and C. Alice Baker, and their project was taken up by women of a younger generation, such as Charlotte Perkins Gilman and Pauline Elizabeth Hopkins, who extended regionalism through the modernist moment. Lockwood draws on a diverse archive that includes fiction, material culture, collecting guides, and more. Showing how these women intellectuals aligned themselves with a powerful legacy of social and cultural dissent, Lockwood reveals that New England regionalism performed queer historical work, placing unmarried women and their myriad desires at the center of both regional and national history.

The Last Puritans Sep 10 2020 Congregationalists, the oldest group of American Protestants, are the heirs of New England's first founders. While they were key characters in the story of early American history, from Plymouth Rock and the founding of Harvard and Yale to the Revolutionary War, their luster and numbers have faded. But Margaret

Bendroth's critical history of Congregationalism over the past two centuries reveals how the denomination is essential for understanding mainline Protestantism in the making. Bendroth chronicles how the New England Puritans, known for their moral and doctrinal rigor, came to be the antecedents of the United Church of Christ, one of the most liberal of all Protestant denominations today. The demands of competition in the American religious marketplace spurred Congregationalists, Bendroth argues, to face their distinctive history. By engaging deeply with their denomination's storied past, they recast their modern identity. The soul-searching took diverse forms--from letter writing and eloquent sermonizing to Pilgrim-celebrating Thanksgiving pageants--as Congregationalists renegotiated old obligations to their seventeenth-century spiritual ancestors. The result was a modern piety that stood a respectful but ironic distance from the past and made a crucial contribution to the American ethos of religious tolerance.

New England Patriots Oct 12 2020 Released in conjunction with the franchise's 50th anniversary, this fully illustrated history of the New England Patriots celebrates the team from its origins in 1960 through its dynastic success in the new millennium. The book highlights the great players, coaches, teams, and moments that have made the Patriots one of the most successful franchises in NFL history. With chapters organized by era and articles profiling the top players and characters, *New England Patriots: The Complete Illustrated History* explores every aspect of Patriots history and traditions. Includes stats and some 200 photos.

New England Patriots Dec 02 2019 Learn about the key players and big wins that have made the New England Patriots one of the most dominant teams in the NFL.

The Education of a Coach Aug 29 2019 More than 6 years after his death David Halberstam remains one of this country's most respected journalists and revered authorities on American life and history in the years since WWII. A Pulitzer Prize-winner for his ground-breaking reporting on the Vietnam War, Halberstam wrote more than 20 books, almost all of them bestsellers. His work has stood the test of time and has become the standard by which all journalists measure themselves. Bill Belichick's thirty-one years in the NFL have been marked by amazing success--most recently with the New England Patriots. In this groundbreaking book, *THE EDUCATION OF A COACH*, David Halberstam explores the nuances of both the game and the man behind it. He uncovers what makes Bill Belichick tick both on and off the field.

Inferno in Chechnya Dec 14 2020 In 2013, the United States suffered its worst terrorist bombing since 9/11 at the annual running of the Boston Marathon. When the culprits turned out to be U.S. residents of Chechen descent, Americans were shocked and confused. Why would members of an obscure Russian minority group consider America their enemy? *Inferno in Chechnya* is the first book to answer this riddle by tracing the roots of the Boston attack to the Caucasus Mountains of southern Russia. Brian Glyn Williams describes the tragic history of the bombers' war-devastated homeland--including tsarist conquest and two bloody wars with post-Soviet Russia that would lead to the rise of Vladimir Putin--showing how the conflict there influenced the rise of Europe's deadliest homegrown terrorist network. He provides a historical account of the Chechens' terror campaign in Russia, documents their growing links to Al Qaeda and radical Islam, and describes the plight of the Chechen diaspora that ultimately sent two Chechens to Boston. *Inferno in Chechnya* delivers a fascinating and deeply tragic story that has much to say about the historical and ethnic roots of modern terrorism.

America's Founding Food Mar 17 2021 From baked beans to apple

cider, from clam chowder to pumpkin pie, Keith Stavely and Kathleen Fitzgerald's culinary history reveals the complex and colorful origins of New England foods and cookery. Featuring hosts of stories and recipes derived from generations of New Englanders of diverse backgrounds, *America's Founding Food* chronicles the region's cuisine, from the English settlers' first encounter with Indian corn in the early seventeenth century to the nostalgic marketing of New England dishes in the first half of the twentieth century. Focusing on the traditional foods of the region—including beans, pumpkins, seafood, meats, baked goods, and beverages such as cider and rum—the authors show how New Englanders procured, preserved, and prepared their sustaining dishes. Placing the New England culinary experience in the broader context of British and American history and culture, Stavely and Fitzgerald demonstrate the importance of New England's foods to the formation of American identity, while dispelling some of the myths arising from patriotic sentiment. At once a sharp assessment and a savory recollection, *America's Founding Food* sets out the rich story of the American dinner table and provides a new way to appreciate American history.

Tales from the Patriots Sideline Jul 01 2022 Presents stories of the team from over a forty-year period, from their earliest losing seasons to their two-time Super Bowl wins.

Non-Representational Methodologies Jun 07 2020 Non-representational theory is one of the contemporary moment's most influential theoretical perspectives within social and cultural theory. It is now widely considered to be the logical successor of postmodern theory, the logical development of post-structuralist thought, and the most notable intellectual force behind the turn across the social and cultural sciences away from cognition, meaning, and textuality. And yet, it is often poorly understood. This is in part because of its complexity, but also because of its limited treatment in the few volumes chiefly dedicated to it. Theories must be useful to researchers keen on utilizing concepts and analytical frames for their personal interpretive purposes. How useful non-representational theory is, in this sense, is yet to be understood. This book outlines a variety of ways in which non-representational ideas can influence the research process, the very value of empirical research, the nature of data, the political value of data and evidence, the methods of research, the very notion of method, and the styles, genres, and media of research.

Belichick Jan 15 2021 A NEW YORK TIMES BESTSELLER The definitive biography of the NFL's most enigmatic, controversial, and yet successful coach Bill Belichick is perhaps the most fascinating figure in the NFL—the infamously dour face of one of the winningest franchises in sports. As head coach of the New England Patriots, he's led the team to five Super Bowl championship trophies. In this revelatory and robust biography, readers will come to understand and see Belichick's full life in football, from watching college games as a kid with his father, a Naval Academy scout, to orchestrating two Super Bowl-winning game plans as defensive coordinator for the Giants, to his dramatic leap to New England, where he has made history. Award-winning columnist and New York Times best-selling author Ian O'Connor delves into the mind of the man who has earned a place among coaching legends like Lombardi, Halas, and Paul Brown, presenting sides of Belichick that have been previously unexplored. O'Connor discovers how this legendary coach shaped the people he met and worked with in ways perhaps even Belichick himself doesn't know. Those who follow and love pro football know Bill Belichick only as the hooded genius of the Patriots. But there is so much more—from the hidden tensions and deep layers to his relationship with Tom Brady to his sometimes frosty dealings with owner Robert Kraft to his ability to earn the unmitigated respect of his players—if not their affection. This is a man who has many facets and, ultimately, has created a notorious football dynasty. Based on exhaustive research and countless interviews, this book circles around Belichick to tell his full story for the first time, and presents an incisive portrait of a mastermind at work.

The Three-Box Solution Apr 05 2020 How to Innovate and Execute Leaders already know that innovation calls for a different set of activities, skills, methods, metrics, mind-sets, and leadership approaches. And it is well understood that creating a new business and optimizing an already existing one are two fundamentally different management challenges. The real problem for leaders is doing both, simultaneously. How do you meet the performance requirements of the existing business—one that is still thriving—while dramatically reinventing it? How do you envision a change in your current business model before a crisis forces you to abandon it? Innovation guru Vijay Govindarajan expands the leader's innovation tool kit with a simple and proven method for allocating the organization's energy, time, and resources—in

balanced measure—across what he calls “the three boxes”:

- Box 1: The present—Manage the core business at peak profitability
- Box 2: The past—Abandon ideas, practices, and attitudes that could inhibit innovation
- Box 3: The future—Convert breakthrough ideas into new products and businesses

The three-box framework makes leading innovation easier because it gives leaders a simple vocabulary and set of tools for managing and measuring these different sets of behaviors and activities across all levels of the organization. Supported with rich company examples—GE, Mahindra & Mahindra, Hasbro, IBM, United Rentals, and Tata Consultancy Services—and testimonies of leaders who have successfully used this framework, this book solves once and for all the practical dilemma of how to align an organization on the critical but competing demands of innovation.

The Senator from New England Jul 09 2020 Chronicles JFK's growing confidence and ambition while a member of the US Senate. Gold Winner for Political Science, 2015 Foreword Reviews INDIEFAB Book of the Year Awards John F. Kennedy's path to the presidency began during his eight years of service in the United States Senate. In *The Senator from New England*, Sean J. Savage contends that Kennedy initially pursued a centrist, bipartisan course in his rhetoric and policy behavior regarding the regional policy interests of New England. Following his narrow defeat for the Democratic vice presidential nomination in 1956 and his nationwide speaking campaign for Adlai Stevenson, JFK's rhetoric and policy behavior became more partisan and liberal, especially during the 1958 midterm elections. While JFK claimed that he still protected and promoted the policy interests of New England on a bipartisan basis, he used his speaking engagements to interact with Democratic politicians throughout New England in an effort to secure the entire region's delegate votes at the 1960 Democratic National Convention. Based on the use of primary sources, archives, and special collections from four presidential libraries, the Library of Congress, Boston College, the Margaret Chase Smith Library, the Massachusetts Historical Society, and other institutions, *The Senator from New England* provides an unrivaled glimpse into Kennedy's Senate career and early presidential campaign strategy. Sean J. Savage is Professor of Political Science at Saint Mary's College and the author of *JFK, LBJ, and the Democratic Party*, also published by SUNY Press.

The New England Patriots Playbook Jan 07 2023 The Patriots have won the most Super Bowls this century with victories in four years, and this is a compendium of their best plays This book does not disappoint as the ultimate collector's item for Patriots fans. It chronicles the most famous moments in the New England Patriots' history, including Jim Nance's 1966 *Sports Illustrated* cover; the team taking advantage of turnovers in the 1986 playoffs to make it to Super Bowl XX; and the incredible run through the 2002 playoffs against the Raiders, the Steelers, and the Rams. It also examines Willie McGinest's sacking of Peyton Manning in 2004 and Rodney Harrison's six interceptions in the 2005 playoffs. The descriptions of each play are accompanied with game information and quotes from participants, players, and observers with firsthand accounts.

It's Better to Be Feared Jan 27 2022 Over two unbelievable decades, the New England Patriots were not only the NFL's most dominant team, but also—and by far—the most secretive. How did they achieve and sustain greatness—and what were the costs? In *It's Better to Be Feared*, Seth Wickersham, one of the nation's finest investigative sportswriters, presents the definitive account of the New England Patriots dynasty, capturing the brilliance, ambition, and ruthlessness that powered it. Having covered the team since Tom Brady took over as starting quarterback in 2001, Wickersham draws on an immense range of sources, including previously confidential game plans, scouting reports, and internal studies as well as hundreds of interviews gathered over two decades—with Brady, Bill Belichick, and other players, coaches, and front office personnel—to offer a behind-the-scenes chronicle of the dynasty's three acts: the initial burst of Super Bowls from 2001 to 2005; the plateau period, 2006 to 2014, stalked by scandal, injury, and near-misses; and the second three Super Bowl victories between 2015 and 2019, which allowed the Patriots to make their claim upon history. At every step, Wickersham demonstrates just how Belichick and Brady shaped the Patriots and reshaped the entire NFL. We are taken deep into Belichick's tactical mind, odd work habits, and strained relationships, including his sincere but unspoken love for the players and a near fistfight with a former assistant coach. It is an illuminating depiction of a mastermind, and an organization, dedicated not only to winning but to breaking a league designed to prevent the emergence of a single, unbeatable team. Yet it is in Wickersham's portrait of Brady—from his childhood in northern California to his challenging years at the

University of Michigan to his astonishing early superstardom in the NFL—that the source of the Patriots' sheer endurance comes into focus. Even as he navigated an improbable rise to fame, Brady was driven by a totalizing ambition to be great, not as an endpoint, but as an ever-unfolding process. Sustaining greatness, however, came with a price. Wickersham reveals, to an extent no other journalist has, the clashes among the coach, the quarterback, and the owner, Robert Kraft—conflicts that resulted in the team's best performances but also, eventually, the dissolution of the dynasty itself. Raucous, unvarnished, and propulsive, *It's Better to Be Feared* is an instant classic of American sportswriting, and an unforgettable study of what it takes to reach, and remain at, the summit of human achievement.

12 Aug 02 2022 The thrilling behind-the-scenes account of how the NFL's most sensational scandal culminated in sports history's greatest comeback, featuring dozens of exclusive interviews with Patriots players -- including Tom Brady himself. In January 2015, rumors circulated that the New England Patriots -- a team long suspected of abiding by the "if you ain't cheating you ain't trying" philosophy -- had used under-inflated footballs in their playoff victory against the Indianapolis Colts. As evidence began to build, however, a full on NFL investigation was launched, exploding an unsubstantiated rumor into an intense scandal that would lead news coverage for weeks. As shockwaves rippled throughout the NFL system, the very legitimacy of one of the league's most popular teams and their star quarterback began to erode, even as the Patriots and Brady went on to win that year's Super Bowl. But as the celebrations gave way to the offseason, the investigation only intensified, reopening old wounds between the Patriots' powerful owner, Robert Kraft, and the NFL commissioner, Roger Goodell. Brady was devastated and seemingly more nervous in front of a judge that on a game-winning drive. When the dust settled, Brady would be able to play again - but only after watching the first four games of the 2016 season from his couch. The pressure couldn't have been more intense: Brady's legacy was at stake. If he failed to return to his usual self, all the critics and even the history books would have to put a giant asterisk next to his name, signifying one thing: he was a cheater. *12* is the propulsive story of this gritty comeback. It's a drama that unfolds in the locker room, the court room, and under the brightest lights in all of sports -- the Super Bowl. Now for the first time, readers will have an exclusive look into Tom Brady's experience and the NFL's shocking strangle-hold on their players. With unprecedented access to Brady himself, his teammates, and his lawyers, we will see just how a football legend went up against one of the largest corporations in the world to stage the greatest comeback in NFL history and emerge a god of the gridiron.

The New New England Cookbook Jun 19 2021 Incredible Recipes Inspired by the Traditional Tastes of New England Celebrate the rich, historic flavors of New England adapted for the modern home cook with 125 one-of-a-kind recipes from a distinguished Boston restaurant chef and contestant on Top Chef. scenery in northern New England. Painted between 1890 and 1940, the curtains can be as luminous as a Hudson valley landscape, or as simple as a cluster of local advertisements surrounding a generic, rural, farm scene. Viewed together, the images of these masterpieces of vernacular art are a sight to behold. A remarkable team of devoted conservators from "Curtains Without Borders" has confronted a century of dirt, damage, and neglect to restore hundreds of these New England historic theater curtains to their rightful place at the center of community life. This handsome book reveals enormous pieces of art that have once more been brought to light and given a new life.

Tom Brady Vs. the NFL Nov 24 2021 Showcasing one of professional football's best players, this book spotlights the life and career of gridiron great Tom Brady. More than just a biography, it relates Brady's story while also establishing his prominent place in NFL history. By examining his skills and statistics in a variety of categories and comparing him to other great quarterbacks--including Peyton Manning, Joe Montana, Bart Starr, Johnny Unitas, Roger Staubach, Aaron Rodgers, and more--the guide makes a strong case for Brady as football's best signal caller. Along the way, his best moments as a Patriot are revisited, from championship seasons spanning from 2001 to 2015, to his favorite receivers, to his relationship with legendary coach Bill Belichick and the "Deflategate" scandal in 2015. With detailed sidebars on Brady's celebrity status, fashion sense, much-talked-about hair, and supermodel wife, this revised and updated edition is a must-have for faithful New England fans and pro football buffs alike.

It's Better to Be Feared: The New England Patriots Dynasty and the Pursuit of Greatness Jul 21 2021 NOW WITH A NEW EPILOGUE ON THE 2021 SEASON AND TOM BRADY'S BRIEF RETIREMENT NEW YORK TIMES BESTSELLER SPORTS ILLUSTRATED • NONFICTION BOOK OF THE YEAR National Sports Media Association • Book of the Year Kirkus Reviews • Best Nonfiction of the Year "Seth Wickersham has managed to do the impossible: he has pulled off the definitive document of the Belichick/Brady dynasty." —Bill Simmons, *The Ringer* The explosive, long-awaited account of the making of the greatest dynasty in football history—from the acclaimed ESPN reporter who has been there from the very beginning. Over two unbelievable decades, the New England Patriots were not only the NFL's most dominant team, but also—and by far—the most secretive. How did they achieve and sustain greatness—and what were the costs? In *It's Better to Be Feared*, Seth Wickersham, one of the country's finest long form and investigative sportswriters, tells the full, behind-the-scenes story of the Patriots, capturing the brilliance, ambition, and vanity that powered and ultimately unraveled them. Based on hundreds of interviews conducted since 2001, Wickersham's chronicle is packed with revelations, taking us deep into Bill Belichick's tactical ingenuity and Tom Brady's unique mentality while also reporting on their divergent paths in 2020, including Brady's run to the Super Bowl with the Tampa Bay Buccaneers. Raucous, unvarnished, and definitive, *It's Better to Be Feared* is an instant classic of American sportswriting in the tradition of Michael Lewis, David Maraniss, and David Halberstam.

Strategy Concepts of Bill Belichick Apr 29 2022 In today's NFL, the high level of competition creates constant changes in players, coaches, and strategies. In order to remain competitive, teams must learn how to quickly adapt to new situations, find innovative ways to gain an advantage, and teach their players to execute the strategies on the field. No other coach in professional sports who has been able to do that more than New England Patriots Head Coach Bill Belichick. In *Strategy Concepts of Bill Belichick*, we analyze the methods, mindsets and strategies that helped Bill Belichick win 4 Super Bowls. This brief Leadership Case Study examines how Bill Belichick is able to constantly achieve success in a competitive industry. Here are some of the key takeaways you will receive after reading this brief, easy-to-read case study on Bill Belichick and the New England Patriots:-Learn how Belichick creates a culture of accountability.-How individual performance raises the performance of the team.-How good decisions can sometimes have bad outcomes.-Why it's important to have a strong foundation.-Why constant learning and adapting is necessary for success.This case study is not simply a football book. Although football coaches and executives can apply these lessons, any team, business, or company can apply these strategies to achieve a higher performance. Managers, teachers, coaches and students will all benefit from learning these tips.

The Sea Mark May 19 2021 By age thirty-four Captain John Smith was already a well-known adventurer and explorer. He had fought as a mercenary in the religious wars of Europe and had won renown for fighting the Turks. He was most famous as the leader of the Virginia

Colony at Jamestown, where he had wrangled with the powerful Powhatan and secured the help of Pocahontas. By 1614 he was seeking new adventures. He found them on the 7,000 miles of jagged coastline of what was variously called Norumbega, North Virginia, or Cannada, but which Smith named New England. This land had been previously explored by the English, but while they had made observations and maps and interacted with the native inhabitants, Smith found that "the Coast is . . . even as a Coast unknowne and undiscovered." The maps of the region, such as they were, were inaccurate. On a long, painstaking excursion along the coast in a shallop, accompanied by sailors and the Indian guide Squanto, Smith took careful compass readings and made ocean soundings. His Description of New England, published in 1616, which included a detailed map, became the standard for many years, the one used by such subsequent voyagers as the Pilgrims when they came to Plymouth in 1620. The Sea Mark is the first narrative history of Smith's voyage of exploration, and it recounts Smith's last years when, desperate to return to New England to start a commercial fishery, he languished in Britain, unable to persuade his backers to exploit the bounty he had seen there.

Second Nature Oct 31 2019 Bounded by the St. Lawrence Valley to the north, Lake Champlain to the west, and the Gulf of Maine to the east, New England may be the most cohesive region in the United States, with a long and richly recorded history. In this book, Richard W. Judd explores the mix of ecological process and human activity that shaped that history over the past 12,000 years. He traces a succession of cultures through New England's changing postglacial environment down to the 1600s, when the arrival of Europeans interrupted this coevolution of nature and culture. A long period of tension and warfare, inflected by a variety of environmental problems, opened the way for frontier expansion. This in turn culminated in a unique landscape of forest, farm, and village that has become the embodiment of what Judd calls "second nature" -- culturally modified landscapes that have superseded a more pristine "first nature." In the early 1800s changes in farm production and industrial process transformed central New England, while burgeoning markets at the geographical margins brought rapid expansion in fishing and logging activities. Although industrialization and urbanization severed connections to the natural world, the dominant cultural expression of the age, Romanticism, provided new ways of appreciating nature in the White Mountains and Maine woods. Spurred by these Romantic images and by a long tradition of local resource management, New England gained an early start in rural and urban conservation. In the 1970s environmentalists, inspired by a widespread appreciation for regional second-nature landscapes, moved quickly from battling pollution and preserving wild lands to sheltering farms, villages, and woodlands from intrusive development. These campaigns, uniquely suited to the region's land-use history, ecology, and culture, were a fitting capstone to the environmental history of New England.

Inside the New England Patriots Sep 30 2019 Before Tom Brady joined the New England Patriots in 2000, the team had zero Super Bowl wins. When he left in 2019, they had six. Learn about the team's history and Brady-less future.

American Passage Mar 05 2020 Katherine Grandjean shows that the English conquest of New England was not just a matter of consuming territory, of transforming woods into farms. It entailed a struggle to control the flow of information—who could travel where, what news could be sent, over which routes winding through the woods along the early American communications frontier.

Patriot Pride Dec 06 2022 A biography of one of the greatest players in New England Patriots history Spotlights a New England sports icon, this authorized biography chronicles the extraordinary life and career of Troy Brown, the talented athlete who played 15 seasons with the New England Patriots. Brown demonstrates how his grit, hustle, and hard work endeared him to a generation of football fans. Brown's past is explored, relating how he made it through college and into the pros despite being given up on several times. His years with the Patriots are documented in detail, covering what it was like to play for Coach Belichick, why Tom Brady has been so successful, and the secrets behind his three Super Bowl wins. Traveling from his younger years in South Carolina through his college career in West Virginia and to the pinnacle of the NFL, this inspirational, rags-to-riches sports memoir will entertain, inform, and inspire football fans of all stripes, especially the hundreds of thousands of fans who support the Patriots—one of the most successful franchises in the league.

Witches of America Jan 03 2020 "Witches are gathering." When most people hear the word "witches," they think of horror films and Halloween, but to the nearly one million Americans who practice Paganism today, witchcraft is a nature-worshipping, polytheistic, and very real religion. So Alex Mar discovers when she sets out to film a documentary and finds herself drawn deep into the world of present-day magic. *Witches of America* follows Mar on her immersive five-year trip into the occult, charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area; from a gathering of more than a thousand witches in the Illinois woods to the New Orleans branch of one of the world's most influential magical societies. Along the way she takes part in dozens of rituals and becomes involved with a wild array of characters. This sprawling magical community compels Mar to confront what she believes is possible—or hopes might be. With keen intelligence and wit, Mar illuminates the world of witchcraft while grappling in fresh and unexpected ways with the question underlying every faith: Why do we choose to believe in anything at all?—Adapted from book jacket.

New England Patriots and taking over for legendary Drew Bledsoe, Most Valuable Player in the NFL for multiple seasons, one of three quarterbacks in history with four Super Bowl championship victories and several appearances in the league's annual Pro Bowl game. Let us also throw in some major motion picture appearances, a few hit television shows like Saturday Night Live and Family Guy, and is considered by many as one of the faces of today's NFL. With all of the positives in the past 15 years, there has been recent news and controversies surrounding Brady and the Patriots organization which have led some to question the integrity of Brady's legacy. The Deflate-Gate controversy questions whether Brady had an unfair advantage throwing with under-inflated footballs during New England's 45-7 win against the Indianapolis Colts in the 2015 AFC Championship game. Such controversy puts to question how the game would have played out differently otherwise and possibly change the outcome of Super Bowl XLIX where New England defeated the Seattle Seahawks, the defending champions from the previous season, 28-24. However, others opine that Brady's numbers would not have made a difference in the grand scheme of events since the Colts only scored seven points in a game where the Patriots had three touchdowns from their running back LeGarrett Blount. New England Patriots 2015 Feb 25 2022 After the long national nightmare for Patriots fans over Deflate-gate, the New England Patriots began their annual quest for greatness-or at least a Super Bowl victory. Along the way this season have been the usual roadblocks and blockheads, including the NFL itself with their comedy team of referees and pompous media sycophants. In another barrage of standup comedy, the included humor monologues for this season feature wit, parody, whimsy, irony, folly, and satire with all the insight of a groundhog in February. Forget the scores. Here are the stories you want to remember and re-tell from your barstool.

Brethren by Nature Aug 22 2021 In *Brethren by Nature*, Margaret Ellen Newell reveals a little-known aspect of American history: English colonists in New England enslaved thousands of Indians. Massachusetts became the first English colony to legalize slavery in 1641, and the colonists' desire for slaves shaped the major New England Indian wars, including the Pequot War of 1637, King Philip's War of 1675-76, and the northeastern Wabanaki conflicts of 1676-1749. When the wartime conquest of Indians ceased, New Englanders turned to the courts to get control of their labor, or imported Indians from Florida and the Carolinas, or simply claimed free Indians as slaves. Drawing on letters, diaries, newspapers, and court records, Newell recovers the slaves' own stories and shows how they influenced New England society in crucial ways. Indians lived in English homes, raised English children, and manned colonial armies, farms, and fleets, exposing their captors to Native religion, foods, and technology. Some achieved freedom and power in this new colonial culture, but others experienced violence, surveillance, and family separations. Newell also explains how slavery linked the fate of Africans and Indians. The trade in Indian captives connected New England to Caribbean and Atlantic slave economies.

Indians labored on sugar plantations in Jamaica, tended fields in the Azores, and rowed English naval galleys in Tangier. Indian slaves outnumbered Africans within New England before 1700, but the balance soon shifted. Fearful of the growing African population, local governments stripped Indian and African servants and slaves of legal rights and personal freedoms. Nevertheless, because Indians remained a significant part of the slave population, the New England colonies did not adopt all of the rigid racial laws typical of slave societies in Virginia and Barbados. Newell finds that second- and third-generation Indian slaves fought their enslavement and claimed citizenship in cases that had implications for all enslaved peoples in eighteenth-century America.

Playmakers May 31 2022 The story of a modern NFL that can't get out of its own way—and can't stop making money In recent decades, the NFL has simultaneously become an athletic, financial, and cultural powerhouse—and a League that can't seem to go more than a few weeks without a scandal. Whether it's about domestic violence, performance-enhancing drugs, racism, or head trauma, the NFL always seems to be in some kind of trouble. Yet no matter the drama, the TV networks keep showing games, the revenue keeps rising, and the viewers keep tuning in. How can a sports league—or any organization—operate this way? Why do the negative stories keep happening, and why don't they ever seem to affect the bottom line? In this wide-ranging book, Mike Florio takes readers from the boardroom to the locker room, from draft day to the Super Bowl, answering these questions and more, and showing what really goes on in the sport that America can't seem to quit. Known for his constant stream of new information and incisive commentary, Florio delivers again in this book. With new insights and reporting on scandals past and present, this book will be the talk of the League—whether the League likes it or not.

New England Law Review: Volume 49, Number 3 - Spring 2015 Oct 04 2022 The New England Law Review offers its issues in convenient digital formats for e-reader devices, apps, pads, and phones.
